| All guarantees are backed by the claims-paying ability of The Variable Annuity Life Insurance Company. |
| Annuities are long-term investments. Income taxes must be paid at withdrawal and a 10% federal early withdrawal penalty may apply if you are under age 59 1/2. The early withdrawal penalty does not apply to accounts in a 457(b) plan. Investment values in the variable options may fluctuate so that an investor's units, when withdrawn, might be worth more or less than the original cost. Bear in mind that investing involves risk, including possible loss of principal. |
| Retirement plans and accounts that satisfy relevant qualification rules, such as 403(b)s, IRAs, 401(k)s, etc., can be tax deferred regardless of whether or not they are funded with an annuity. If you are considering funding a tax-qualified retirement plan or account with an annuity, you should know that an annuity does not provide any additional tax-deferred treatment of earnings beyond the tax deferral of the tax-qualified retirement plan or account itself. However, annuities do provide other features and benefits. |
| Interest crediting policy and practices are subject to change. However, any changes made will not reduce the current annual interest rate below the contractual minimum guarantee. Amounts already credited will not be reduced. |
| Contract provisions may vary by state. Please refer to your contract for actual governing contractual provisions. |
| Corebridge Financial represents The Variable Annuity Life Insurance Company (VALIC) and its subsidiaries, VALIC Financial Advisors, Inc. (VFA) and VALIC Retirement Services Company (VRSCO). |
